#### **FOR IMMEDIATE RELEASE**

**January 29th 2015** — In keeping with the mandate of NGC CNG Company Limited (NGC CNG) to promote CNG usage in the transportation sector, and with the Corporate Social Investment initiative of reducing the nation's carbon footprint consistent with cleaner air and a healthy lifestyle, NGC CNG was delighted to be one of the main sponsors of the Trinidad & Tobago International Marathon held on Sunday 25<sup>th</sup> January.

This year the event comprised two segments — the marathon and a half marathon. The marathon saw participants journey from St. Mary's Junction in Freeport to the Queen's Park Savannah opposite Whitehall in Port of Spain, while the half marathon started in Caroni.

This year's race took on added significance as Brian Lewis, President of the Trinidad and Tobago Olympic Committee, walked the entire marathon distance in an effort to raise funds and awareness for elite athletes. Lewis successfully finished the race after more than seven hours.

Notably present were NGC CNG's Brand Ambassadors, 400-metre Hurdles World Champion, Jehue Gordon and West Indies Spinner, Anisa Mohammed who were on hand at the event to assist the organizers with handing out prizes to the winners. Gordon and Mohammed also

interacted with fans who had the opportunity to tour a brand new CNG 30-seater bus on site, which was loaned to the organizers to transport the runners to the start of the event.

Curtis Mohammed, President of NGC CNG, also participated in the marathon by walking with Lewis and the group for an hour in a show of support for the cause, and to support Trinidad and Tobago's sportsmen and women.

During 2015, NGC CNG will continue to raise awareness of CNG and promote events that can highlight CNG as a transportation fuel.
