

Chairman's Statement

On behalf of the Board of Directors ('Board'), I am pleased to provide the results of Trinidad and Tobago NGL Limited ('TTNGL' and 'Company') for the six months ended 30 June 2019. The Company recorded an after-tax profit of TT\$73.4 million. Earnings per share for the period was TT\$0.47.

The natural gas industry continues to adjust to the growing volumes of NGL production arising from the shale industry in the United States. This growth in supply has not been matched by a commensurate growth in demand resulting in a continued decline in Mont Belvieu product prices since Q4 2018. As a consequence, the performance of the Company's underlying asset, Phoenix Park Gas Processors Limited ('PPGPL') has also been impacted by lower product prices coupled with lower natural gas volumes to Point Lisas for processing.

PPGPL has successfully implemented strategies which have reduced the negative impacts of lower NGL prices and NGL volumes and has increased its revenues derived from its product

trading and condensate processing operations. PPGPL also continued to focus on the following:

1. High operating availability and reliability of its facilities;
2. Sustained focus on prudent cost and cash management; and
3. Its deliberate internationalization thrust for additional value creation and diversification through exploring and exploiting organic and inorganic growth opportunities.

The Board of Directors of TTNGL is pleased to declare an interim dividend for 2019 of \$0.50 per share payable on 10 September 2019 to shareholders on the Register as at 23 August 2019. This distribution translates to a payment of TT\$77.4 million for the six months ended 30 June 2019, and propels the Company to a milestone of TT\$1 billion dividend payout to its 13,000 Shareholders, since going public in 2015. The Board would like to thank all employees of the NGC Group for their continued support in achieving these results.
