

Attention

Operators and Fisherfolk: Guayaguayare Bay and Surrounding Areas Inspection, Evaluation and Maintenance Works on NGC's 24-inch Pipeline

The National Gas Company of Trinidad and Tobago Limited (NGC) will conduct detailed inspection and evaluation of, and maintenance works on, its 24-inch pipeline in Guayaguayare Bay, at approximately 10°08'38.2" N Latitude and 61°00'30.3" W Longitude.

Works will include:

- **Mobilisation of crane barge and marine support vessel to the site**
- **Removal of material under the pipeline**
- **Diving**
- **Detailed inspections and evaluation of the pipeline**

Schedule of the planned activity is as follows:

Start: 12th August 2021

End: 24th August 2021

Hours of work: 24 hours, weekdays and weekends

An Exclusion Zone with a 500-metre radius is in effect at the location for the safety of employees, contractors, operators and fisherfolk. Commercial and fishing vessels are strictly prohibited from operating within the exclusion zone for the duration of the project.

NGC wishes to assure you that the project will be implemented with safety as our highest priority. All works will be conducted in accordance with NGC's Environment, Safety and Security Policies and Procedures, as well as all applicable codes and standards.

Every effort will be made to minimise any inconvenience.

Should you have any concerns about the project, please contact:
NGC's 24-HOUR EMERGENCY HOTLINE: 800-4427 (800-4GAS).
