Atlantic LNG Shareholders sign HOA with GORTT

26th January 2022

The National Gas of Trinidad and Tobago Limited (NGC) is pleased to confirm the signing of a Heads of Agreement (HOA) for the restructuring of Atlantic's LNG facilities. The HOA was signed by the Government of Trinidad and Tobago and associated shareholding companies of Atlantic LNG. This represents the start of an exciting phase for the LNG sector in Trinidad and Tobago.

The HOA is critical not only to furthering the discussions on future commercial arrangements for Atlantic, but will also impact upstream developments to bolster the sustainability of both the domestic and LNG sector. As these negotiations continue, NGC and its leadership team commit to exploring business opportunities along the natural gas chain in the best interest of the citizens of Trinidad and Tobago.
