

**THE NATIONAL GAS COMPANY
OF TRINIDAD AND TOBAGO LIMITED**
www.ngc.co.tt

Attention General Public

The National Gas Company of Trinidad and Tobago Limited (NGC) advises that it will commence construction works of a low-pressure natural gas pipeline to George Aboud and Sons Limited (GASL), Trincity Village Centre, Trincity.

The construction route of the pipeline will be as follows:

- Westward along the verge of the eastbound lane of Churchill Roosevelt Highway between the Arouca River bridge and Trincity Central Road junction.
- Northward along the northbound lane of Trincity Central Road up to College Avenue junction.
- Eastward along College Avenue up to the road verge alongside Trincity Village Centre.

Schedule of Works

Start: Tuesday 4th October 2022

End: Friday 16th December 2022

Normal hours of work: Monday to Friday 7:30 am to 5:30 pm

The Trinidad and Tobago Police Service (TTPS) will be present to assist with traffic management. Every effort will be made to minimise inconvenience to the general public.

A traffic management plan has been developed with the following considerations:

- Pipeline installation using horizontal directional drilling (HDD).
- Excavation of the roadway will be confined to small areas.
- Works that may impact traffic will take place on weekends and overnight.

NGC wishes to assure you that all work will be conducted with public safety as its highest priority.

All activities will be conducted in accordance with NGC's Environment, Safety and Security Policies and Procedures, as well as all applicable codes and standards. Should you have any concerns, please contact

NGC's Control Room at 800-4GAS (4427).
