Attention

Transportation of pipes

The National Gas Company of Trinidad and Tobago Limited (NGC), will be conveying 5800 feet of 20-inch diameter pipes from Point Lisas Port to Poole Valley Road, Rio Claro. The pipes will be transported by Southern Maintenance Services Company Ltd (SMSCL).

Movement of the pipes is scheduled for:

25th October 2022 to 15th November 2022

Major Thoroughfare:

Caribbean Drive; Pacific Avenue; Atlantic Avenue; Rivulet Road; Sir Solomon Hochoy Highway (southbound); Tarouba Overpass and Tarouba Link Road; Daisy Road; Tasker Road; Naparima Mayaro Road; Guayaguayare Mayaro Road; and Poole Valley Road.

These activities are scheduled to take place between the hours of 7:00 am and 5:00 pm, Monday to Saturday.

Motorists and the public are required to proceed with caution.

The aim is to manage this activity to ensure minimal disruption to the surrounding community and road users.

NGC assures the public that the project will be conducted with safety as its highest priority. All efforts will be made to minimise any inconvenience.

All works will be conducted in accordance with NGC's Health, Safety, Security and Environmental policies and procedures, as well as applicable codes and standards.

Should you have any concerns, please contact: **NGC's 24 Hour Emergency Hotline 800-4427 (800-4GAS).**
