Attention General Public and Motorists

Construction of a natural gas pipeline to George Aboud and Sons Limited (GASL)

The National Gas Company of Trinidad and Tobago Limited (NGC) advises that it will commence construction works of a low-pressure natural gas pipeline to George Aboud and Sons Limited (GASL), Trincity Village Centre, Trincity.

The construction route will be as follows:
- Westward along the verge of the eastbound lane of the Churchill Roosevelt Highway between the Arouca River bridge and Trincity Central Road junction.
- Northward along the northbound lane of Trincity Central Road up to College Avenue junction.
- Eastward along College Avenue up to the road verge alongside Trincity Village Centre.

These works will be carried out in phases.

Schedule of Works

Phase 2
Start: Thursday 12 January 2023
End: Friday 31 March 2023
Hours of work: Monday to Sunday 7:30 pm to 5:30 am
(Road closure from 9:00 pm to 4:30 am)

Area of Activity
The first phase of construction works will take place westward along the verge of the eastbound lane of Churchill Roosevelt Highway between the Arouca River bridge and Trincity Central Road junction.

The Trinidad and Tobago Police Service (TTPS) will be present to assist with traffic management. A traffic management plan has been developed with the following considerations:
- Using Horizontal Directional Drilling (HDD) to instal the pipeline.
- Excavation of the roadway will be confined to small areas.
- Works that may impact traffic will take place on weekends and overnight.

Every effort will be made to minimise inconvenience to the public.

NGC wishes to assure you that all work will be conducted with public safety as its highest priority. All activities will be conducted in accordance with NGC's Environment, Safety and Security Policies and Procedures, as well as all applicable codes and standards.

Should you have any concerns, please contact: **NGC's Control Room at 800-4GAS (4427).**
