

THE **PRIDE** OF A NATION

WORLD STEELPAN DAY 2023

Once a symbol
of resistance,
today the steelpan
represents the
spirit of an
entire people.

The NGC Group of Companies

is proud to support our national instrument and the heirs of the artform who are working to build a global industry around it. On this World Steelpan Day, we join Trinidad and Tobago in celebrating this monument of our history and iconic centrepiece of Caribbean culture.
